

Episode 53 - TICK turns 1!

#053 - Happy Birthday TICK!! What a great milestone, considering TICK is very lucky to have seen the light of day! In this much shorter episode, I am being interviewed about the memories I have and the things I have learnt over the last 12 months.

Thank you for all the support from my loyal listeners and a big shout out to all my guests who went outside their comfort zone to share their knowledge and experiences.

In the episode you get to listen to me being interviewed by Annie. In this short episode I share why I started the podcast in the first place, what I love about it, what was challenging, what I learnt (and there was lots that I learnt!), episodes that were standouts and the future of TICK!
